OBJECTIVE

Computer Science student (B.A. Hons, York University) with hands-on experience building and deploying full-stack applications used by real users. Experienced in JavaScript, Python, React, Node.js, and WordPress, with a strong interest in software engineering and product-focused development roles.

EDUCATION

B.A. Hons Computer Science | York University (Keele) **Jan 2024-April 2028**

Lassonde Entrance Scholarship | Computing Students Hub, ChessBlitz YorkU | GPA: 7.5 / 9.0

EXPERIENCE

Software Developer (Co-op) | MyRide901 **January 2026 – April 2026**

- Delivered bug fixes and features to a production app (10K+ downloads)
- Built and maintained WordPress pages from Canva designs; resolved UI and CMS issues
- Contributed 25+ PRs and collaborated in Agile sprints with developers and stakeholders
- Implemented automated onboarding (MailerLite) and email receipt functionality

Full Stack Developer Intern | Rebhatech Software Solutions **June 2025 – September 2025**

- Supported 3 projects per quarter in a fast-paced team environment, ensuring 100% accuracy in documentation, clear communication, and on-time delivery of deliverables.
- Collaborated with colleagues during Agile sprints, maintained organized records of tasks, and provided updates to both team members and clients, that improve team efficiency.
- Delivered client modules ahead of schedule 90% of the time, demonstrating adaptability, attention to detail, and strong time management skills.

Cashier | Jaffna Street Food **September 2024 – April 2026**

- Delivered customer service to 150+ guests per shift, resolving inquiries and ensuring satisfaction
- Processed 100+ daily transactions accurately using POS systems in a fast-paced environment
- Collaborated with team to improve service flow and reduce wait times
